

What does GYL editing include?

Editing the selected images is one of the last, and key, steps of the GYL process. The goal is to achieve the following for every image.

- Crisp, Clean & Consistent Images
- Bright and Colorful Images
- Straighten & Crop Images (as required)
- Minimal Shadows
- Minimal Light Reflections and Light Blasting
- Clear Guestroom Window Views (as required)
- Removal of Wires and Bright Fire Safety Items
- Removal of Plumbing under Sinks
- Smooth Linens (as best as possible)
- Black-out TVs and Screens where needed
- Remove Obvious Marks on Walls
- Repair Obvious Rough Spots on Furniture
- Even Out Colors on the Building & Parking Lot

Additional Edits are Subject to a Fee.
